

## **The Sustainable Travel Network**

The Sustainable Travel Network – the world’s only non-profit booking website...

The STN, founded in 2009, offers a superb variety of accommodation, activity, tour and rental vehicle providers, all of them of course sustainable. The difference to other travel booking websites is that ALL commissions made on your bookings through the website are donated to local conservation or community projects.

Book with the STN and be sure to leave New Zealand tangibly better off for your time here!

Visit [www.sustainabletravelnetwork.org](http://www.sustainabletravelnetwork.org) for more information and bookings and experience New Zealand in a sustainable way!
